2400W Government UPS Systems

MIL-UPSSeries™

Product Overview

AJ's Power Source Inc. (AJPS) Cage Code (0P327) is pleased to announce the release of our new Military UPS System. MIL-2400-115™ is a Ruggedized Military Compliant UPS System Built for deployment and operations equipment. This unit is available to all military, homeland security and government contractors. Built for a Very Low EMI signature and very High Reliability this fully hot Swappable system will keep your product up and running for many years to come.

The MIL-2400-115A is a 3U 2400 Watt ruggedized UPS System. This system has many unique features such as a 24 VDC Emergency input that can be use to connect the system to any 24 VDC Vehicle System. Stainless steel slide rails allow for multiple rack depths. The system has field replaceable filters and fans. The over all system concepts also include an additional 1U battery system for extended hold time.

AJPS is a leading supplier of ground and airborne avionics power systems to Prime Contractors of the Department of Defense, US Government Agencies and its allies. AJPS has been supplying high end custom power solutions to the Navy, Air Force, Army, Marines and Coast Guard for over 20 years. All of AJPS's operations are monitored and controlled by ISO 9001:2000 base quality system.

Battery Module BAT-28-9.0A

Product Highlights:

- Rugged Stainless Steel Construction
- 9.0 Amp Hours
- Front Panel LEDS
- Heavy SS Handle
- Extended Shelf Life

Military Standards:

MIL-STD-810F

- Humidity
- Altitude
- Sand and Dust
- Shock and Vibration
- Temperature

MIL-STD-461E

- RE101, RE102, CE101, CE102, CE103

MIL-STD-882D

MIL-STD-1472F

MIL-STD-1474D

2400W UPS System MIL-2400-115A

Product Highlights:

- 95% Power Factor Correction
- Universal Input
- Hot Swappable Batteries
- LCD Front Panel Display
- Internal Charging System
- SNMP Remote Monitoring

Military Standards:

MIL-STD-810F

- Humidity
- Altitude
- Sand and Dust
- Shock and Vibration
- Temperature

MIL-STD-461E

- RE101, RE102, CE101, CE102, CE103

MIL-STD-882D

MIL-STD-1472F

MIL-STD-1474D

Battery Expander MIL-EXP-18A

Product Highlights:

- Doubles Hold Up
- Universal Input
- Hot Swappable
- Replaceable Fans
- Internal Charging System

Military Standards:

MIL-STD-810F

- Humidity
- Altitude
- Sand and Dust
- Shock and Vibration
- Temperature
